Our Specialist Partner Providers

Depending on the Course Option chosen, and the number of surfing electives in that option, students attend one session or day per week for the required number of weeks to complete all relevant units. As skill levels and development are individual, a weekly Timetable suitable for you will be developed. Students are taught in a class type situation, face to face with no more than 8 in a group at Broadbeach. Some instruction may occur on a one to one basis.

Specialist Partner Providers

As our courses have lots of options, we have joined with specialist schools to provide your training in those areas of expertise. As you can see, we've selected only the very best providers to ensure your learning is of the highest quality. You might be spending the occasional day, or series of days, or even as much as one day a week with these specialists, depending on which specialisation, or course option you choose, and our (with Partner Organisation) assessment of your skills before commencement, in line with our requirements of the Standards for RTOs. We will tailor the timetabling of those units/skills delivered by these third party training organisations to meet your needs, our requirements, and the availability of time with in the third party organisation.

In all cases, it is The Eagle Academy that is responsible for the quality of the training and assessment in compliance with the Standards, and for the issuance of the AQF certification documentation. Please don't hesitate to ask for more information at a no obligation free consultation meeting at the Academy prior to enrolment. You can even go along and look at the partner schools themselves. You'll be impressed.

All Visa students please note:

ATTENDANCE IS NOT RECORDED OR MONITORED FOR VISA COMPLIANCE PURPOSES. However, students are expected to attend 15 hours per week, with a further 5 hours per week delivered as Distance Education (Study done at home in the form of completion of set tasks or Workbooks). **Failure to attend regularly will see progress suffer, and students may be reported for unsatisfactory progress.**

PROGRESS IS MONITORED FOR VISA COMPLIANCE PURPOSES:

The Academy has implemented the DEEWR-DIAC Course Progress Policy and Procedures. More detail is available in the Student Handbook Part 2, but basically a student will be reported if they fail to gain competency in half of the units completed in consecutive study periods. - Knowledge tests;
- Observation of skills, and oral questioning;
- Completion of activities.
- Completion of Workbooks

Visa students should be aware that agents can act on our behalf to recruit students. These agents are listed on our website.

All Domestic and VISA students please note:

What is the difference between a Guide and Instructor when considering elective units or skill sets:

A guide will focus on leading an activity, while an instructor will focus on teaching others how to lead that activity independently. Obviously its important to be able to lead an activity successfully before teaching someone else how to do it, and for that reason we require our students to first gain adequate experience at guiding level in a particular activity before proceeding on to instructor level. We therefore understand some significant experience must support each qualification we issue. This is why all of our Guide and Instructor level qualification include minimal workplace training hours to be completed prior certification.

Workplace Training:

Students studying a Guide or Instructor level units or qualification, must meet workplace training requirements set by the academy and/ or the 3rd party training providers . This may consist of a set number of guided or assisted guided tours in your chosen activity, log booking a set number assistant instructing classes. This training is conducted alongside some of our industry partners in real life scenarios. This workplace training is volunteer work, but may lead to possible job opportunities and credible references to add to your resume.

This course is available to both domestic and internationals wishing to study on a Student Visa. Visa students should check the last page and the Student Handbook for more information about your conditions and study requirements.

All Visa students please note:

ATTENDANCE IS NOT RECORDED OR MONITORED FOR VISA COMPLIANCE PURPOSES. However, students are expected to attend 15 hours per week, with a further 5 hours per week delivered as Distance Education (Study done at home in the form of completion of set tasks or Workbooks). **Failure to attend regularly will see progress suffer, and students may be reported for unsatisfactory progress.**

PROGRESS IS MONITORED FOR VISA COMPLIANCE PURPOSES:

The Academy has implemented the DEEWR-DIAC Course Progress Policy and Procedures. More detail is available in the Student Handbook Part 2, but basically a student will be reported if they fail to gain competency in half of the units completed in consecutive study periods. Competency for each Unit is determined by three or four methods. Each occurs on a weekly/ fortnightly basis, hence regular attendance is important:

- Knowledge tests;
- Observation of skills, and oral questioning;
- Completion of activities.
- Completion of Workbooks

Visa students should be aware that agents can act on our behalf to recruit students. These agents are listed on our website.

All Domestic and VISA students please note:

You have rights with regards to refunds, complaints and appeal processes. These rights are outlined in detail, in the Student Handbook, and you MUST acquaint yourself with them prior to enrolment.

The refund policy will also cover what your rights are should we, as the RTO, or a third party training organisation closes, or ceases to deliver any part of the training product that you were enrolled in. In short, we would make arrangements suitable to yourself, to access another provider delivering that training, OR we offer you a refund.

All Domestic students please note:

FUNDING: Some of our courses have Government funding available. To find out if you are eligible for funding, please read the information sheets on the download page of our website <http://eagleacademy.com.au/downloads/> or contact info@eagleacademy.com.au.
