

International Sports & Language Camp Regen (8–16 years)

Welcome to the Bavarian Forest, one of the most beautiful holiday regions in Southern Germany, recently honored as one of the first “Certified Youth Travel Destinations”. We offer superb Language Camps in co-operation with the Bavarian Sports Association. Our innovative approach to language courses combined with a wide range of sports and outdoor activities makes for the perfect holiday experience that your customers will never forget! Our international staff team will look after them at all times making sure that everyone is happy. They create a unique atmosphere at camp making it easy for all participants to find new friends quickly and to practice both, the English and German language inside and outside the classroom.

Location

Our camp is situated close to the historic town of Regen, starting point for many tourists to explore Germany’s biggest national park “Bayerischer Wald”. Depending on the dates, our students will either be accommodated at the “Sports Camp Regen” or the “ARBERLAND Academy”. Both houses feature great sports facilities as well as common rooms to relax at the end of an eventful day. Just for having a chat with other campers from all over the world, listening to some music or playing a game of billiard, table football or darts. We have got it all!

Comfortable bedrooms sleeping 2 to 6 people or rustic wooden cabins with en-suite bathrooms, shared between 12 children will make the perfect home for our campers during their holidays. Please refer to the section “Dates and Prices” to find out which site is available during the weeks chosen by you.

Language Courses – German

The ability to communicate in different languages is a priceless gift and enables young people to make friends with other students from all across the globe. Why not also developing the language skills during the holidays? All our Language courses are solely carried out by native speakers in internationally mixed classes with no more than 12 students. At the beginning of the stay the individual level of each participant will be assessed by our experienced teachers to ensure that everybody is placed in the right class, according to their language abilities. Our courses comprise 20 units of 45 minutes per week but no worries – our lessons are not like being at school. We focus on fun and interactive education. The use of modern teaching methods in and outside the classroom, incorporating topics that are suitable for the different age groups and levels guarantees a positive outcome and a pleasant classroom experience.

German Classic

Regen is the ideal place to learn German as also many German students attend camp. We offer classes at different levels from complete beginner to advanced. In our Classic Courses, we focus on conversation and incorporate lots of fun activities and games to build up the student's vocabulary and strengthen the grammar skills. We encourage all students to actively use the language in order to improve their German, not only through our interesting lessons, but also by interacting with other campers during their free time. With so many Germans staying at camp, the opportunities to practice the language are endless.

German Goethe

For those students who are staying at camp for at least two weeks we also offer our Goethe Courses. Those specific programs are suitable for students who have been learning German for at least one year at school. They comprise 10 additional units, preparing the participants for the Goethe Certificate „Fit in Deutsch 1“ (A1 - A2) . The Goethe-Institute's German language examinations correspond to the levels of the Common European Framework of Reference for Languages (CEFR) and are internationally recognized. Please note that bookings need to be submitted no later than six weeks prior to arrival at camp in case your customers wish to take the Goethe exam.

Language Courses – English

English Classic

By attending our interactive Classic Courses your students will improve their language skills in a fun way. Our Classic Courses are designed to match the holidays of our young participants. Nevertheless, they are intense and efficient. Our teachers put a strong focus on oral practice and make sure that the students build up their confidence and improve communication skills in a playful way and without even noticing. They will breathe new vocabulary and internalize the right pronunciation by using the language and not by memorizing boring work sheets. Our campers are always around our English speaking staff, who encourage everybody to put their language skills in practice inside and outside the classroom. Attending camp will give them a boost of self-confidence and fresh motivation for their English lessons at school.

TOEFL®-Course

Apart from our Classic Courses we also offer two-week TOEFL® Courses. The Test of English as a Foreign Language is the most widely respected English language test in the world. At the end of the course all participants will take an exam to achieve the TOEFL® certificate. The great advantage of TOEFL® is that no one can fail the test. It just measures the student's ability to use and understand English as it's read, written, heard and spoken according to the CEFR – the Common European Framework of Reference for Languages (A1 to C1). Attending this special course is definitely worth it as all candidates will receive a certificate that not only proves their level of English but is also accepted by schools worldwide in case your customers consider to spend a school year abroad.

Students who attend the TOEFL® Course will benefit from 10 additional units on top of their 40 hours of classic English tuition. During those additional lessons, we focus on grammar exercises and practice important parts of the exam such as reading and listening comprehension and we will also use sample tests to get all candidates well prepared for the exam.

Camp Adventure is an authorized test center for TOEFL® and TOEIC®.
