Resort Summary

We operate the hotels, restaurants, and some gift shops in Yellowstone. We provide a positive experience for over 4 million visitors per year. Employees have the opportunity to meet and work with people from all over the world. It does take some extra effort for international employees to travel to Montana and Wyoming, but if you enjoy nature, the extra effort will be worth it! You'll see wild animals, thermal features (hot springs, geysers), forests and mountains. Yellowstone is one of the most unique and beautiful places in the world. Come experience it and make friends for a lifetime! We provide affordable housing (including utilities, linens, uniforms, laundry machines and very slow wireless internet), meals at a minimum cost, a well organized Recreation Department offering many activities, and free transportation to the Park from Bozeman when you arrive and back to Bozeman when you complete your agreement.
